BISTRO

Mary and Dick started out married life farming the land on which the hotel now sits which has given us a certified organic garden from which to curate our seasonal menus. The menu also celebrates the best of Limerick and Ireland's bountiful produce.

We invest as much time in developing a relationship with our suppliers as we spend producing our own ingredients. We do this simply because we care about the food we serve and the way in which the ingredients have been produced.

Diners are welcome to visit Mary's Organic Garden and chat to the gardeners tending the seasonal produce being grown exclusively for the hotel. Gardening tips are always welcome and freely offered!
