FAIRY TRAIL

- 1 FAIRY LANE**

Welcome to Fairy Lane! When our fairies make a wish come true, they paint your name on a door for you. Wander down this magical lane and see if you can find your name. If your name, you do not see... make a wish and soon it could be.
- 2 MS. FLORA'S FLYING SCHOOL**

This is one of the most important places in the Woodlands Fairy Village as this is where the baby fairies learn how to fly. Their Teacher, Ms. Flora helps the baby fairies learn how to take off and land safely. Sometimes, Ms. Flora even lets the fairies play in the fairy playground after a long day at school. Have a closer look and see if you can spot any teeny tiny baby fairies playing on the swings!
- 3 POOKA'S PALACE**

Pooka is a very mischievous fairy. He loves playing tricks on humans and other fairies. Have you ever woken up with tangles in your hair? Well, that is a trick Pooka and his friends like to play on people. His palace is filled with lots of treasure he has found and borrowed while playing tricks on people. Don't stay here too long or Pooka might just play a trick on you...

- 4 ENCHANTED GARDEN**

The Enchanted Garden is home to our Gardening Fairies. These fairies help our Gardener Caoimhín grow lots of different plants, fruits and vegetables in Mary's Organic Garden. These fruits and vegetables hold magical healing powers and can be found in the food served at our hotel! If any of the fairies become unwell, the Gardening Fairies will make them better with special potions created in the garden.
- 5 PIXIE HOLLOW**

Here is home to our very own Water Fairies. To ensure the swimming pool is always full of crystal-clear water, these fairies guard the water tank with their magical powers. Have you visited our swimming pool? Look out for the magic sprinkled around the waterfall... you might even spot one of our water fairies!
- 6 THE TOOTH FAIRY'S TOWNHOUSE**

The most magical fairy in all the land lives here, The Tooth Fairy! When your tooth falls out, place it under your pillow at bedtime and The Tooth Fairy will appear. She will take your tooth and leave you a treat as a thank you. The Tooth Fairy gathers human children's teeth to create furniture for the fairies homes. Keep an eye out for the hand-crafted furniture throughout the trail. It could be made from one of your own teeth!

- 7 THE WORRY TREE**

Place your hand on the magical tree, close your eyes and count to three. Whisper your worries, share how you feel, allow the fairies to help you heal.
- 8 WILLOW'S WISHING TREE**

This is one of the most special villages in The Woodlands Fairy Trail. Willow the Wish Fairy lives here. Close your eyes, make your wish and sprinkle your fairy dust. Willow and his friends will carry your wish and do everything they can to make it come true!
- 9 HILLTOP VILLAGE**

This is the busiest place in all of the fairy kingdom! The fairies come here for parties and gatherings and to celebrate birthdays. The fairies can often be seen dancing and singing to the music in the Treehouse. Our fairies love to try all of the different treats available at The Treehouse. Their favourite ice-cream is called the 'Bubble Gum Breeze'.
